

Customer Journey the Digital Transformation

Dimitrios Cholevas

Head of Telco Commercial Segment &
International Business Development Deputy Director

Customer Journey

The Digital Transformation

SingularLogic™

ARE PERSONAL

The right products and services are those that properly address the depth of requirements for digitizing global brands, products and services

ANTICIPATE NEEDS

Push notifications, launch campaigns, use nearables to anticipate and satisfy customer needs

ARE CONTEXTUAL

Today savvy users are no longer satisfy with basic personalization, expecting much more from the brand/product with which engage.

BLUR PHYSICAL / DIGITAL LINES

Offer comprehensive digital customer experience, where physical & digital interactions are blurred

ARE CHANNEL AGNOSTIC

Providing Omni-channel customer experiences where users can choose the preferred touchpoint

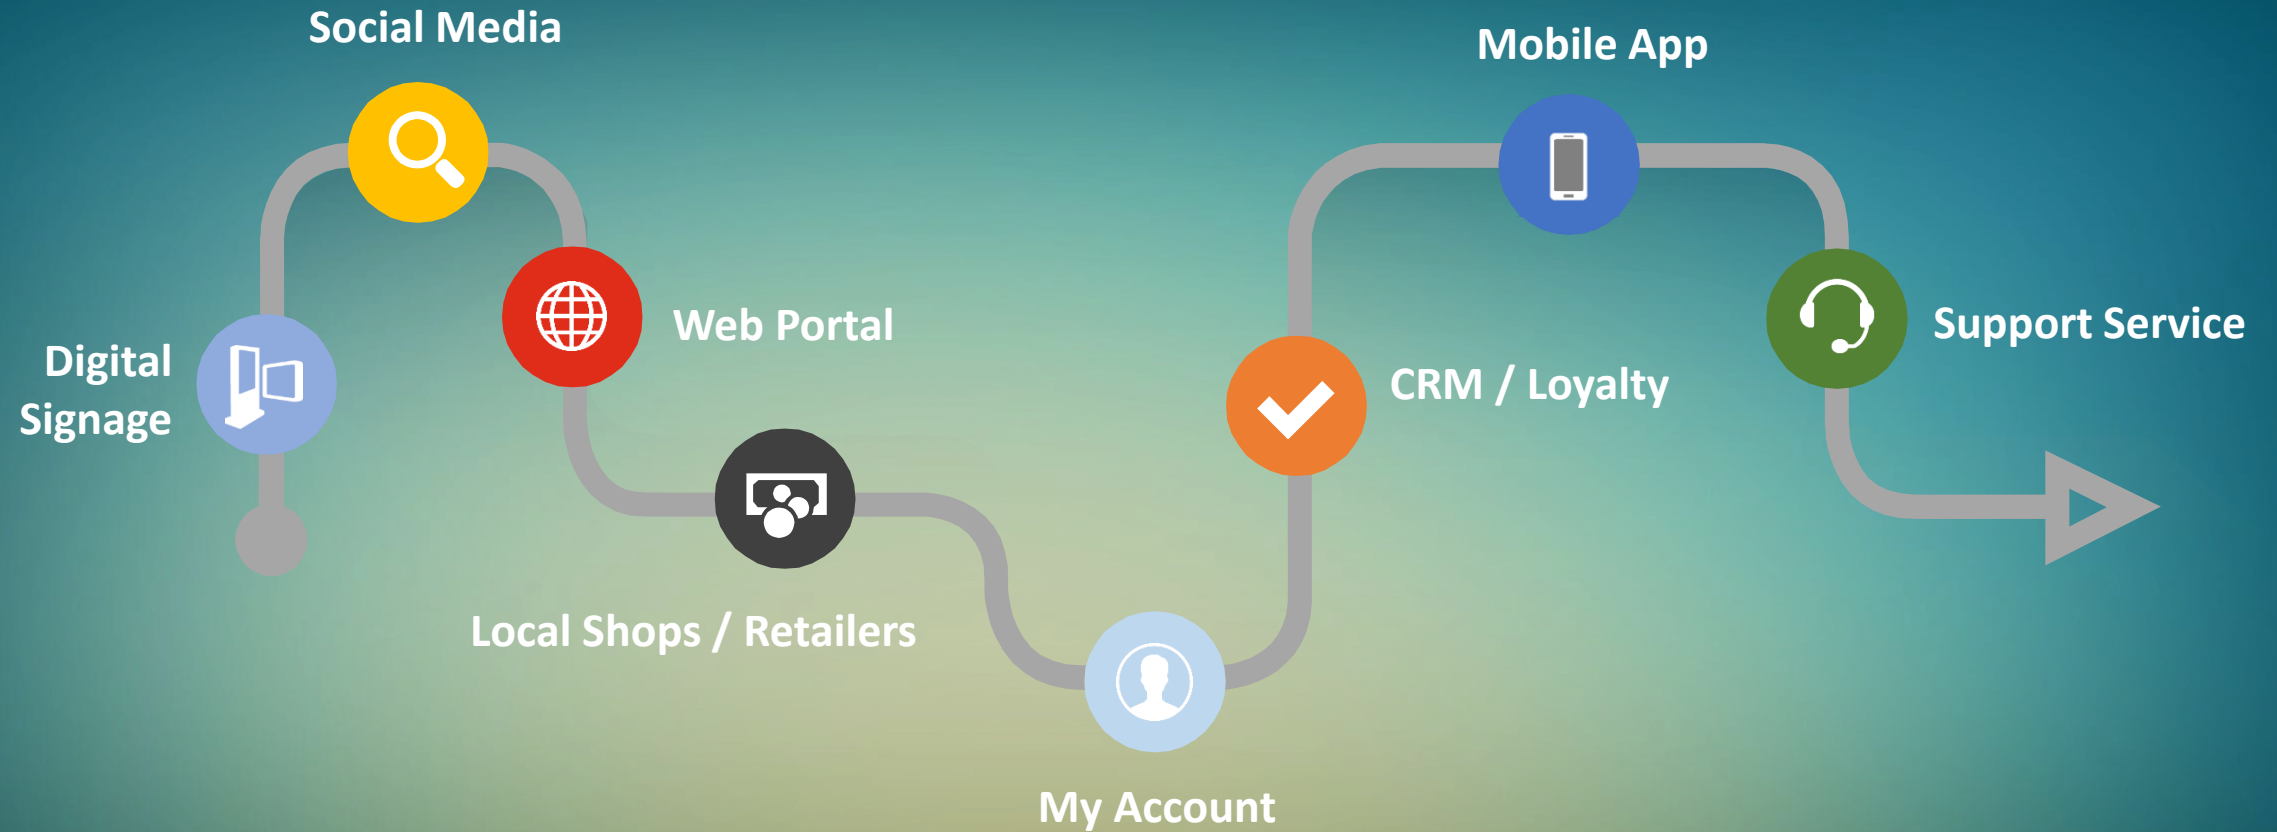

CONNECT THE ENTIRE RELATIONSHIP

Provide a Single Customer View through the required integrations based on detailed metrics
